

Salfiti, Saida

Subject: Proposal to eliminate late registration fees.

I am opposed to eliminating the late registration fee. The fee structure should not be changed to accommodate students who have not bothered to investigate the regulations concerning admission to the California Bar. If there is a good reason for not registering timely, such as changing plans and deciding to apply for admission to the California Bar later during law school, the regulations already allow for waiver of the late fee upon good cause shown.
