- **Goal 2: The State Bar provides a wide array of services and benefits to members that meet their professional development, business, and personal needs.**

The outreach and communication activities for the plan year use technology to improve the quality and quantity of methods for receiving information from and providing information to members and member groups. The activities also seek ways to improve and inform members about professional development, in particular continuing legal education. The outreach and communication activities also assist in identifying enhanced member benefits that are responsive to member needs. *See* Strategies 2.1-2.3.

The public service activities for the plan year encourage newer lawyers to engage in pro bono services individually through the Jack Berman Award and through Local Barristers' Organizations. The plan activity also actually facilitates member participation in pro bono publico legal work and will seek to enhance the current program through reassessment and research of successful recruitment efforts in other jurisdictions. *See* Strategy 3.1.

- **Goal 4: The State Bar fulfills its mission through effective and supportive relationships with all stakeholders.**

The outreach and communications activities for the plan year are geared to develop collaborative relationships with Local Barristers' Clubs and other CYLA members to assist all parts of the organization in successfully fulfilling their respective roles. Further, the activities are geared to actively inform members about the effective operation and activities of the State Bar through the use of technology, written materials, and in-person communication, and seek input from stakeholders about the operation and activities of the Bar. *See* Strategies 4.1; 4.3.
