RE: Major Change Response for Address Change

To Whom It May Concern:

American International School of Law requests for a major change according to Rule 4.246 (B) changing the location of the law school.

The notice must explain in detail any effect the change might have on the law school's compliance with the rules.

American International School of Law would like to change the office address from 16491 Scientific Way, Irvine, CA 92618 to 17762 Cowan, Irvine, CA 92614. The address change does not affect the law school's compliance with any rules set forth by The State Bar of California for unaccredited law schools in California.

I am attaching a floor plan that shows the offices occupied by AISOL. Furthermore, Nitesh Patel, sole shareholder for AISOL is a 33.33% owner of the new building, which he owns through his real estate company Ram Tulsi, LLC. The other 2 partners are the same partners that owned 16491 Scientific Way, Irvine, CA 92618. AISOL has a 10-year lease for \$700 a month for the space that it is renting from Nitesh Patel's holding company. Furthermore, this has little or no impact financially as this was the previous lease amount that AISOL paid. There is no change in the rent payments.

The transition does not impact students as we are an online law school and almost all of our students communicate with us via online or by telephone. However, the space is bigger and can accommodate our students if they decide to come to our office.

I have included the floor plans, lease and proof of ownership. Please let me know if you need additional documents.

Best Regards,

Nitesh Patel
President
