# Update on the Bar Exam Experiment

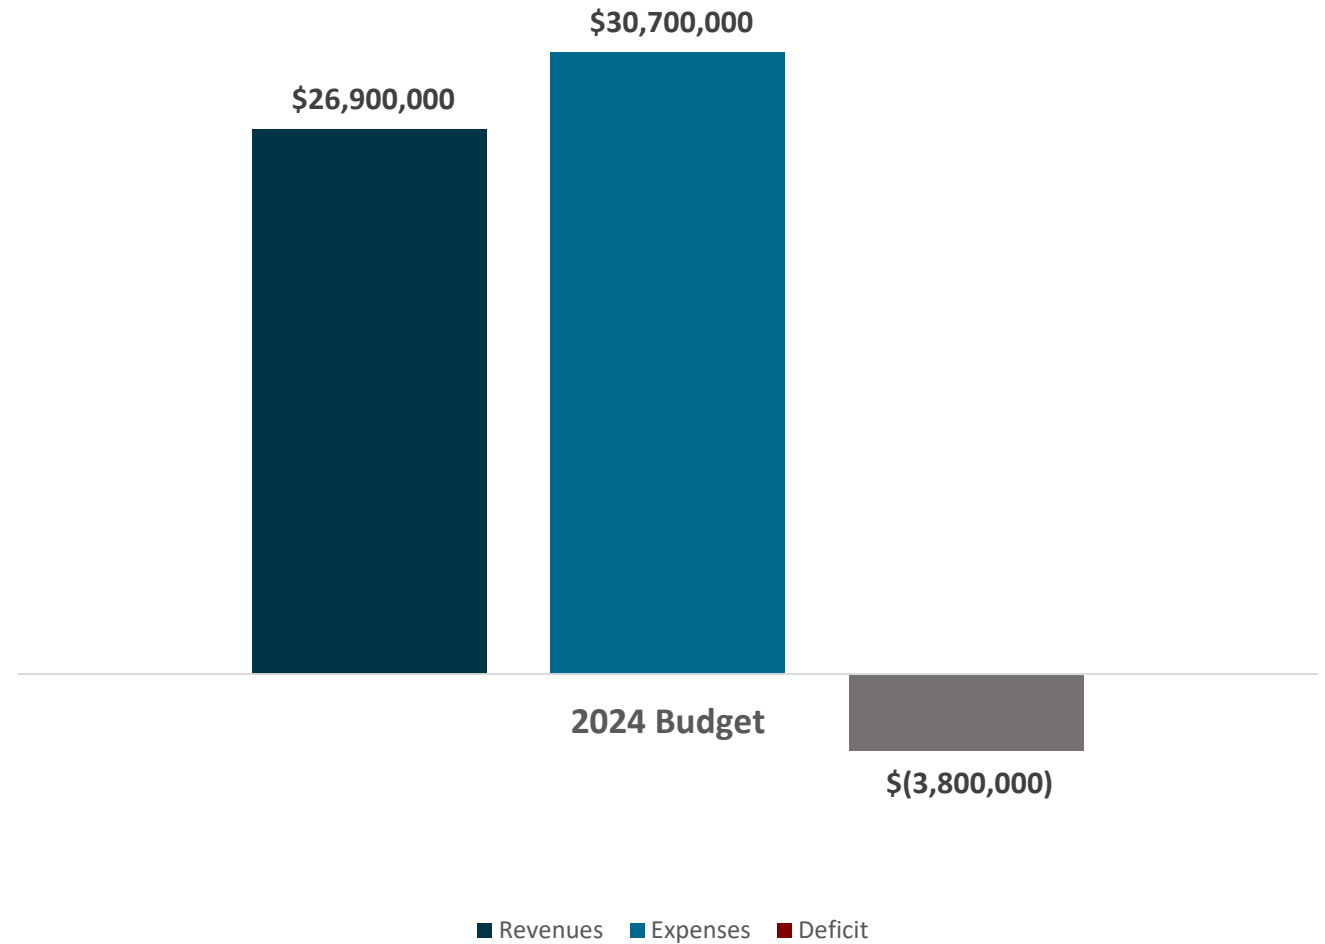

After discussions with law schools on timing, the bar exam experiment will be conducted over a series of weeks in October.

- The goal is to have all CA law schools participate yielding 2,000 study participants
- We are experimenting on these potential changes to a future bar exam: open book options, remote vs. in-person, and varying time allocations
- The results will be analyzed and published by 2025 and shared with the committee once complete
